About me

I am an enthusiastic programmer with experience in multiple programming languages. I thoroughly enjoy having to adapt to solving problems and I greatly enjoy a new challenge. Working within a team to come up with new and innovative ideas is one of my favourite parts of the developments process. A great deal of my excitement comes from the process/journey taken to arrive at a complete project. I am currently looking to join an organisation where the opportunity to grow and develop is embraced.

Projects

Museum of Candy

Github Repository:

<https://github.com/DarrenHDixon/CandyLandingPage>

Programming Languages:

- HTML
- CSS
- Bootstrap

Tindog

Github Repository:

<https://github.com/DarrenHDixon/Tindog>

Programming Languages:

- HTML
- CSS
- Bootstrap

Colour Game Application

Github Repository:

<https://github.com/DarrenHDixon/Colour-Game>

Programming Languages:

- HTML
- CSS
- JavaScript
- jQuery

To Do Application

Github Repository:

<https://github.com/DarrenHDixon/todoapp>

Programming Languages:

- HTML
- CSS
- Bootstrap
